

Go Modern Furniture

21st March 2009

Go Modern Furniture was established by Tina Mahony and Simon Ingham to provide excellent quality contemporary furniture via the internet, with the focus on great design, fantastic quality and value for money.

We have an unrivalled collection of contemporary European furniture including shelving, sofas, sideboards, coffee tables, dining furniture, beds and bedroom furniture, sofa beds, lighting, mirrors and most recently, EcoSmart fuelless fires and wardrobes – everything to make your house perfect.

For the garden, we have a large selection of fabulous European outdoor sofas, armchairs, sun-loungers, dining tables and chairs in weatherproof fabrics; outdoor lighting and outdoor fires.

Our collections are carefully selected for value and practicality as well as design, with the ethos that good design must work, as well as being great to look at. We have spent a considerable amount of time looking for just the right products and hope you like them as much as we do.

The website has been especially designed for ease of use and to provide the maximum amount of information to enhance your online shopping experience. Unlike many other websites, we have prices on all of our products. We have provided large close-ups of our pieces to enable you to clearly see the quality, as well as pictures of the furniture in situ and from different angles. We also have pictures of available colours and finishes.

If you are in London – and would prefer to discuss your requirements in person – our Chelsea Showroom is open Monday to Friday between 9.00 am and 6.00 pm and Saturday from 11.00 am to 3.00 pm. Or email us for more information – and of course everything can be ordered online.

We understand online shopping can seem a little risky so we offer a 7-day, no quibble return on all our stock, as we are 100% confident you will be more than happy with the finish and quality.

All in all, we are aiming to become the last word in contemporary furniture online, whether you are in Aberdeen, Devon or the heart of London.

Go Modern are presenting their products in the Smarter Living Theatre.
